Planning Board meetings are held on the third Monday of each month at 7:00 p.m.

**Instructions:**

The following application must be completed and filed with the Village Clerk or Code Enforcement Officer. Applications for Site Plan Review – Special Use Permit must be submitted and deemed complete for review by the Code Enforcement Officer or the Village Clerk at least ten (10) working days prior to the next scheduled Planning Board meeting. The fee is \$75.

Please submit seven (7) copies of the following application package:

- This application form.
- Existing and proposed site plan in accordance with the *Site Plan Review – Special Use Permit Checklist* (attached).
- Short or Long Environmental Assessment Form** pursuant to the N.Y. State Environmental Quality Review Act (SEQRA). Whether a short or long form is required is dependent upon whether the application is classified as “Type 1” or “Unlisted.” These forms are available from the Code Enforcement Officer or the Village Clerk.
- Agricultural Data Statement and Control Form** if the property is located on a farm or within 500 feet of a farm in an agricultural area. This form is available from the Code Enforcement Officer or the Village Clerk.

**Part III: Site Plan Review – Special Use Permit Checklist****Instructions:**

Please prepare a site plan depicting existing and proposed conditions for the following items. The Board may, at its discretion, waive any of these requirements or require the submission of additional information. The Applicant should make a request for waiver(s) when the application is filed. It is the responsibility of the Applicant to provide all pertinent information required by the Village Zoning Law.

- Title of drawing, date, north arrow, scale, name, address of Applicant, and person responsible for preparation of such drawing.
- Boundaries of the property plotted to scale.
- Existing watercourses, wetlands, FEMA flood plains, landscaping, and vegetative cover.
- Grading and drainage plan showing existing and proposed contours with intervals of five (5) feet or less.
- Location, use, and height of all existing and proposed buildings.
- Adequacy and arrangement of vehicular traffic access and circulation, including intersections, road widths, alignment, grade, pavement-surfaces, channelization structures, visibility, and traffic controls shall be considered.
- Design and construction materials of all parking and truck loading areas.
- Adequacy and arrangement of pedestrian traffic access and circulation, walkway structures, control of intersections with vehicular traffic, and overall pedestrian convenience shall be considered.
- Location of outdoor storage, if applicable.
- Location, design, and construction materials of all existing or proposed site improvements, including drains, culverts, retaining walls, and fences.
- Description of the method of sewage disposal and location, design, and construction materials of such facilities, as well as the location of water supply hook-ups if from a municipal system or from wells.
- Location of fire and other emergency zones, including the location of fire hydrants.
- Location, size, design, and construction materials of all proposed signage.
- Provide a photometric plan for the proposed location, direction, power, and hours of operation of proposed outdoor lighting. Horizontal illumination levels, foot-candles, shall be designed and located as to prevent objectionable light, brightness, and glare to the surrounding properties.
